**ALL OF SOUTHWEST TEXAS WILL BE HERE MONDAY TO SEE THE BIG GAME BETWEEN BEAUMONT AND HONDO. GAME STARTS AT 2:30 P. M. SHARP.**

Mrs. Edmund Keller, who died at Lacoste last Sunday, mention of whose death is printed on another page, was a member of the Medina County Home Relief Association and held certificate No. 167.

Mr. and Mrs. F. D. Lloyd and two children are the guests of Mrs. Lloyd's brother, Mr. Lee Green, this week. Mr. Lloyd, who is an engineer in the power plant at Austin, is off on a two weeks' vacation, and as he is particularly enamored with West Texas, he never lets an opportunity of passing a few days in this section escape him if possible.

Mr. and Mrs. Grover C. Goff returned to their home in San Antonio after a pleasant visit to Mrs. Goff's mother, Mrs. Bettie Merriwether.

**IF YOU'VE EVER SUPPORTED THIS BALL CLUB, YOU MUST DO IT MONDAY. THE GREATEST GAME IN A LIFETIME. HONDO VS. BEAUMONT CLUB, TEXAS LEAGUE.**

The family of Dr. J. E. Schlottmann is now domiciled in their elegant new home—one of the most modern in West Texas. However, the doctor has not as yet moved his office to its new location on North Front Street.

Corporal Charles Brucks was home Tuesday from the Camp Travis training camp. He reports all of the boys working hard and growing fat. Charles likes being a Corporal as it entails the duty of seeing his squad do the work instead of having to be a mere member of the squad.

Mr. and Mrs. Louis Scherrer and daughter, Miss Florence, motored over from Castroville Sunday to visit Mr. and Mrs. Fletcher Davis and incidentally attend the big celebration at D'Hanis. They were accompanied by Miss Octavia Davis, who had been their guest for several days.

Rev. J. M. Alexander returned to his home in San Antonio Tuesday morning after a very pleasant visit to friends in Hondo. Rev. Alexander, during his pastorate here, endeared himself very strongly to people of all creeds in our little city and he will always meet with a hearty welcome within its portals.

Armin Bendele and son, Armin H., were up from the Enterprise community Thursday on business and while here paid this office a pleasant call. Mr. Bendele will be a regular reader henceforth of Fletcher's Farming. Mr. Bendele informed us that the early corn in his section is very light, the grain for some reason having failed to fill out well.

Fritz Fuchs passed through here Thursday en route to Yancey to look after his oil interests in that section. The well of the Yancey Oil and Gas Company is down some 800 feet and cementing of the hole is now in progress. Every precaution is being taken to guard against accidents and everything will be made secure before drilling will be resumed. The company feels confident that pay oil sand is but a few feet lower down and when the drill is again put in operation a pay strike may be looked for any day. The drill has already passed through three thin oil sands, each yielding a considerable showing. If the opinion of expert oil men is worth anything before the idea of November there will be several producing wells in this vicinity.

Next time ask for REDSKIN TUBES.

Miss Aggie Reilly of Sabinal visited relatives and friends here this week.

Big doings at the new Vandenburg schoolhouse Saturday, August 19th. Come out.

Mrs. Louis Carle was here from D'Hanis Thursday, the guest of Mr. and Mrs. Jacob Reilly.

J. W. Crow is in Brackettville, putting the cotton gin at that place in shape for the ginning season.

Commissioner Henry F. Buss and Road Superintendent Kelly were business visitors to San Antonio on Thursday.

A. T. Forst and Charles Dumont came down from Yellow Banks last Thursday to look after their business interests here.

Cotton, basis middling, was bringing about 20.25 cents on the local market Friday morning. Corn was bringing about 52 cents.

**MAKE SURE AND BE HERE EARLY. THE BIGGEST CROWD HONDO EVER SAW WILL SEE THE GAME. GAME WILL START AT 2:30 SHARP.**

Rolf Balzen was here Monday to visit Fritz Frerichs. He was accompanied down from Knippa by his daughters, Misses Paulina and Annie Balzen, and their cousin, Miss Clara Marquis, of Cuero, who is their guest. Mr. Balzen reports crops and pastures in the Knippa section suffering for rain.

That is a most excellent picture of "Sid Carter at the ball game," on display in the window at Beal's barber shop. Some think the picture rather flatters Sid. About the only defect noticeable is that the "chaw" in his jaw is not quite up to Sid's standards, but he may have been economizing the day the picture was made. The picture as a whole is a work of art and shows some of our people have artistic talent of a high order.

NOTICE TO CORN GROWERS.

**WE WILL BE READY TO SHELL CORN AS SOON AS IT IS FIT TO SHELL AND WILL GO ANYWHERE, WHERE IT IS POSSIBLE TO GO, AT A REASONABLE PRICE.**

The Hondo baseball boys, tired of passing their time away with amateurs, are reaching out for bigger game next Monday, August 14th. On that date the people of Hondo will witness the greatest baseball festival in the history of the town. The local aggregation on that date will go up against the Beaumont League team at de Montel Park, and our boys are confident that they will annex the big end of the score. All baseball fans and everyone else should be on hand to cheer our boys on to victory. It would certainly be a huge joke on the leaguers should Hondo win out. Hondo has a strong team, and with the encouragement of a large attendance of rooters and fans, will no doubt give a good account of itself in Monday's game.

Some excitement and no little uneasiness among stockmen was caused the latter part of last week by the discovery of a few sporadic cases of Charbon among the cattle in the northern part of the county. A representative of the Live Stock Sanitary Commission was soon on the scene, a strict quarantine was thrown around the infected premises, exposed animals were vaccinated, and all possible sanitary precautions taken, and it is not thought that there will be any further spread of the disease. Owing, however, to the sporadic nature of its appearance this year, it is well for stockmen to be on the alert for its first appearance in their herds.

Mr. John B. Holloway of LaGrange spent a portion of the week visiting his children, Mrs. H. J. Meyer and Messrs. Will and Tom Holloway, and their families. Mr. Holloway, like everyone else who comes this way, has a penchant for West Texas, and it does not require much persuasion to bring him to this section. In fact, we rather suspect he is always on the alert for an excuse. However, he is always welcome to Hondo, and there would be no serious objection should he conclude to take up his permanent residence here.

In the proper column of today's paper there will be found the announcement of Judge H. E. Haass as a candidate for the office of County Judge of Medina county. The Judge has served the people of this county in that position before and he bases his claims for support at the coming election on the record made during his previous incumbency of the office.

The new Vandenburg schoolhouse has been completed and the kiddies of that community will have a nice, comfortable building in which to pursue their studies the coming scholastic year.

The Jersey cows of Hondo and vicinity are doing their part to keep the heads of their owners above water. Ten cans of cream were forwarded from the local depot to the creamery the past week.

Mrs. Angerina Campbell returned Saturday from Natalia, where she has resided for some time, and will again make her home with her sister, Mrs. O. H. Getter. Mrs. Campbell is in her 91st year but is still active and strong despite her years.

Mr. Sim Ward was up from Yancey Thursday and paints a rather gloomy prospect for the cotton crop in that section. He says the ravages of the boll weevils have about eliminated the hope of much of a cotton crop in that community.

H. E. Haass, Attorney-at-Law, Surveyor's Office, Courthouse, Hondo, Texas. All legal matters carefully attended to, in all courts of Texas. Manager Medina County Abstract Company. Road Maps of Medina County, cloth, \$5, paper, \$3. 15

The farmers and stockmen of this vicinity kept the ledger account on the right side the past week. Ten car loads were handled this week, nine outbound and one inbound as follows: outbound, 4 cars of corn, 4 of live stock and 1 of milo maize; inbound, 1 car of oil. But seven bales of cotton had been forwarded from here up to Friday morning.

Bids will be opened the coming week for the improvement of North Front Street, which will add much to the appearance of that part of the town when completed. Beginning at the Alamo Lumber Company yards and for fifteen hundred feet east a sewer pipe will be laid in Easy Creek and the surface graded and leveled up, the slant to be eliminated. The county will do the work on the north side of the creek, the railroad company to look after the improvement on its right of way. After being leveled a coat of gravel will be laid, which will do away with any further trouble with mud for all time to come. But the people of South Front Street need feel no pique. The national highway, to be built by both the Federal and local government, will pass along South Front and will take care of that part of the town. Our people have patiently waited for these improvements but their patience is soon to be rewarded, and when the contemplated improvements are finished Hondo will present one of the most pleasing and substantial prospects of any town in West Texas.

Mr. and Mrs. Leopold Haby and Mr. and Mrs. George Ahr were here from Medina Lake Tuesday, shopping and visiting. They informed a representative of this paper that quite a little village is building up about the Lake and some attractive homes have been erected. The old wooden bridge below the dam is being replaced with a low water concrete bridge, and the gentlemen think that a little improvement to the road from Hondo to the Lake would be an incentive to more traffic between the two points.

Mrs. Harry Crouch is now hostess at the Armstrong Hotel, she having taken charge the first of the week. If this hotel does not become the mecca for the traveling public as well as a popular resort for local people, under the new management, then our people will be disappointed. It is her intention to add some new features to the conduct of the hotel soon which we believe will be appreciated by all our people.

Albert Hornung is visiting in San Antonio and August Hornung is now chief cook and bottle washer down at his house, and says he is not anxious for company. We don't think he need to be at all uneasy. When the people find out he is doing his own cooking they will pass around the other side of the block. They will be afraid they might be invited to dine and will take no chances.

The Ina Oil Company is experiencing some trouble with gravel and had reached a depth of but 59 feet up to Wednesday. The company, however, had anticipated this trouble and is following the drill down as closely as possible with casing. This gravel problem will probably be passed within the next few feet.

NOTICE—Anyone holding a claim against the Armstrong Hotel is requested to present same to Mrs. Art Cline at once. 2t

Local politics woke up this week and six announcements for county offices will be found elsewhere in the paper. Several of them came in Monday and we have only time to call attention to them in a general way. Being old officials, however, true and true, and known to all our readers, it is only necessary to direct the public's attention to the announcement column elsewhere.

We note from the Progress Farmer's published list of prize winners at the recent Texas Short Course, that Mrs. J. J. Droitcourt, Hondo, Medina county, won second prize in the peach shortcake baking contest. We understand that several Medina county representatives at the Short Course at the A. & M. College recently won special distinctions, but this paper has been supplied with none of the details.

The new Goodyear Cross-Rib Tread Cord

## Discounting the "Discount" in Advance

You don't have to be a shrewd bargainer to get the bottom price on the new Goodyear Cross-Rib Tread Cord.

Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can.

You can see from the figures below that its advertised price is lower than the net price you are asked to pay for many "long discount" tires of unknown value.

We believe the average man would rather buy tires on this frank and open basis, and assure himself a product of recognized worth.

The new Goodyear Cross-Rib Tread Cord is made of high-grade long-staple cotton, and it embodies the patented Goodyear method of group-ply construction.

In design, materials and manufacture it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation.

It has a different tread from the famous All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for substantially less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3 3/4 Clincher.....	\$12.50	32x4 Straight Side..	\$24.50	33x4 1/2 Straight Side..	\$32.15
30x3 3/4 Straight Side..	13.50	33x4 Straight Side..	25.25	34x4 1/2 Straight Side..	32.95
32x3 3/4 Straight Side..	19.25	34x4 Straight Side..	25.90	33x5 Straight Side..	39.10
31x4 Straight Side..	22.20	32x4 1/2 Straight Side..	31.45	35x5 Straight Side..	41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

FROM THE BANDERA NEW ERA.

Mr. and Mrs. P. A. Brown of San Antonio are the guests of Mrs. Henry Haby.

District Court convenes in Kerrville next Monday. The trial of Chas. Merritt, charged with burglary of the First National Bank of Bandera, is set for Monday, August 14. The witnesses in this case will not be re-summoned but will be expected to be there at the opening of the trial.

Ernest Haby spent a few days in San Antonio this week.

Report comes that Chas. Merritt, under indictment for attempt to burglarize the First National Bank of Bandera, and out on bond for his appearance at district court at Kerrville next week, recently attempted to rob a bank in Wichita, Kansas, and was captured and is now in jail there. Particulars are lacking.

Bandera has the distinction of holding the only free county fair in this section. No admission charge will be made, so bring all of your folks when you come to our fair. Misses Alvena and Leona Batto, accompanied by their brothers, Adiff and Charlie, spent several days with friends at Hondo the past week.

## FLETCHERIZED FARM FACTS

Most of the reading matter for September FARMING is already in type, and in addition to its "readability" the facts it will contain will make it worth many times its subscription price.

The editor, under his regular departmental head, discusses the symptoms of Anthrax or Charbon in a manner to enable any farmer who reads to readily recognize the presence of the infection in his livestock, and to realize the seriousness of the disease. This feature alone will be worth many years subscription to the man whom it enables to recognize and check an outbreak of this terrible disease.

Mr. J. H. Burkett, the noted pecan expert whose name has been given to one of West Texas' best varieties of pecans, writes extensively of the pecan industry generally. This feature should not be missed by a single man with pecans on his premises. What Mr. Burkett writes about pecans is authoritative and can be depended upon.

Miss Leiter's recipes for cooling summer desserts is completed in this number. The housewife who keeps a file of FARMING will soon have the contents of a valuable cook book in Miss Leiter's writings.

Prof. Kinnard continues his series in his same instructive style. No thoughtful man or woman should neglect to follow the learned studies of Prof. Kinnard.

Our old friend, Uncle Sam Neel, is back too with an installment of agricultural lore from his vast store of this knowledge.

And last of all, Col R. R. Claridge touches up things in general and agricultural in particular in that inimitable style peculiarly his own. Once read after you will always want more from his pen whether you always agree with him or not.

Subscribers to this paper can get FARMING for only 50 cents additional above the regular subscription price.

This is an inexpensive but delicious delicacy originating in the middle west. It is well worth trying out and repeating frequently. The food value is high.

Put one-half cup rice on to boil. Make a tomato sauce as follows:  
2 tbsp. butter  
2 tbsp. flour  
1 tsp. sugar  
1 cup strained tomato juice or tomato pulp.

Melt butter; add flour, then tomato pulp and sugar. Boil two or three minutes, stirring constantly. Then grate one-half cup cheese. Cut one-half cup Spanish green olives into slices. 11th U. S. CAVALRY TO ATTEND  
RODEO

Salinas, July 12.—The presence  
of the famous "Black Horse Troop"  
of the Eleventh U. S. Cavalry, to-  
gether with two push-ball teams and  
a military band, will add a military  
touch to this year's celebration of  
the California rodeo, which opens on  
July 26 and ends on July 30. Ar-  
rangements for the attendance of  
these troops were made at a recent  
conference between Director General  
H. E. Abbott and his old friend, Col.  
John M. Jenkins, cavalry, U. S. Army,  
post commander at the Presidio of  
Monterey. Col. Jenkins promised to  
send the crack troop of the post,  
under command of Captain Joe Rogers,  
to this place one week in ad-  
vance of the opening of the show, so  
that all preparations in the way of  
conditioning the horse flesh of the  
organization might be completed.

Push-ball games between army  
teams and cowboy teams will be  
daily features in the mammoth arena  
at Sherwood Rodeo Park. The latter  
will be captained by Julius Tresconi  
Jr., one of the best known young  
horsemen of the lower Salinas valley.

In addition, the army teams will  
compete in the Roman races, the  
hurdle races, relay races and many  
of the events in the riding arena.

Saturday, July 29, in addition to  
being "Commando Day" at this year's  
rodeo, has been set aside as "Rotary  
Day." On that date some 500 wear-  
ers of the cogged-wheel emblem will  
be the guests of honor at the mam-  
moth barbecue, staged in old Spanish  
style by the Salinas Rotary Club. In  
the afternoon they will be taken  
to Sherwood Rodeo Park, the largest  
of all open-air show places, to witness  
the events of hard riding and clever  
roping that form the features of the  
California rodeo.

There will be hundreds of new  
faces in the riding arena this year,  
according to Director General Ab-  
bott, who says that his mail has been  
crowded within the past two weeks  
with notes from persons making in-  
quiry about the show, and the prizes  
hung up for the various events. The  
writers, all of whom are expert riders  
or ropers, come from different points  
of the compass, from the mountains  
of Montana, from Eastern Oregon  
and Idaho and from the plains of  
Texas, New Mexico and Arizona. An  
interesting gent writes from Chihua-  
hua, Old Mexico, that he intends ar-  
riving on the scene several days prior  
to the opening of the big show, in an-  
ticipation of getting himself in trim  
to carry away most of the prizes.

The foregoing was clipped from a  
California paper. The Captain Joe  
Rogers mentioned therein is Hondo's  
own Joe, the eldest son of Mr. and  
Mrs. C. C. Rogers. His many friends  
among our readers will be pleased to  
learn that he is winning distinction  
in his chosen vocation.

### JAIL DELIVERY.

Three erstwhile prisoners, two  
Mexicans and a white boy in his  
teens, are conspicuous by their ab-  
sence from Bader's Bastille. They  
took their departure sometime be-  
tween sundown Friday night and sun-  
rise Saturday morning, and in their  
haste neglected to leave their address.  
A four-foot piece of scantling,  
wrenched from the bath tub, was the  
instrument used in making their  
get-away. It seems to have been the  
custom recently to leave the prisoners  
in the run-around at night instead of  
locking them in the cells. Armed  
with the scantling, after removing a  
piece of stovepipe where it passed  
through the jail ceiling, they in-  
creased the size of the hole by pry-  
ing off some of the planks, making  
a hole large enough for their bodies  
to pass through. Once above the  
ceiling, passing through the manhole  
in the roof to the top of the jail was  
an easy job, and descending to the  
ground down the sewer pipe was  
child's play.

The two "hombres" were in jail on  
charges of theft and burglary grow-  
ing out of the entering and robbing of  
Loggins & Lilly's Store at Devine.  
The white youth was incarcerated on  
a charge of attempted rape of a child  
in the Natalia section. We are not  
advised as to what efforts are being  
made to apprehend the escaped  
prisoners, or what are the prospects  
of them being returned to jail. Two  
or three prisoners confined in the  
jail made no attempt to escape but  
notified the jailer of the flight of  
the others—after it was too late to  
block them in their get-away.

### To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It cures the Cough and Headache and works off the cold. E. W. GROVE'S signature on each box. 30c.

Many farmers are already buying blackleg vaccines preparatory to vaccinating their calves this spring. There is no question but that this is a good move, something every owner of cattle should attend to before it is too late. Once blackleg has developed in a herd it is practically impossible to stop it before heavy losses have occurred. Not only does it kill the calves, but is also likely to inoculate the soil so that infection will remain for years to come.

Since it is an established fact that vaccination affords a protection against blackleg, no one ought to neglect this precaution. Parke, Davis & Company, Detroit, Michigan, scientifically prepare their blackleg vaccines, the attenuated virus product, BLACKLEGIDS, as well as Blackleg Aggrassin (GERM-FREE VACCINE) and Blackleg Filtrate (GERM-FREE VACCINE), that every cattleowner should learn about. The manufacturers furnish instructive booklets on blackleg and immunity resulting from vaccination that are worth careful reading. They are free, and may be had at

## REPUBLICANS PREPARING FOR ACTIVE CAMPAIGN.

Representatives of the Republican party met in State Convention this week at Fort Worth and held a harmonious and enthusiastic meeting. Plans were laid for a vigorous state campaign, and candidates were named for all state offices.

The list of candidates as named by the convention follows:

For United States Senate: E. P. Wilmoth of Travis county.

For Governor: W. H. Atwell of Dallas county.

For Lieutenant Governor: George E. Kepple of Harris county.

For Chief Justice of the Supreme Court: W. H. Wilson of Harris county.

For Associate Justice of the Supreme Court: J. H. McBroon of El Paso county.

For Judge of the Court of Criminal Appeals, to succeed Judge Morrow: E. E. Diggs of Childress county.

For Judge of the Court of Criminal Appeals, to succeed Judge Hawkins: G. C. Harney of Grayson county.

For Attorney General: W. S. West of Cameron county.

For Railroad Commissioner: W. A. Matthaef of Austin county.

For State Treasurer: Sam. L. Gross of Dallas county.

For Superintendent of Public Instruction: Mrs. Mary P. Bernet of Dallas county.

For Vice-Chairman of the State Executive Committee: Eugene Nolte of Guadalupe county.

While the above ticket will doubtless carry Medina county—especially should the Ku Klux element dominate the state democracy, as it now seems to promise to do—party lines will not be drawn over county officers in this county.

DIED.

Miss Mary Newton, daughter of Mr. and Mrs. J. C. Newton of Yancey, died in a hospital in San Antonio Thursday. Her remains were brought out on the evening train, taken to her home and buried in the Yancey cemetery Friday morning at 11 o'clock.

Deceased was about twenty-five years old, and had been in failing health for the past two years following an attack of influenza. ## DEVINE NEWSLETS.

### From The Devine News.

#### Farmer Is Strong on Broom Corn.

Pat Cox harvested his six acres of broom corn which yielded three tons and was sold at \$117.50 f. o. b. Devine, right at \$90 the acre. Mr. Cox is enthusiastic over the crop and next year will find him growing quite an acreage. His crop was loaded out in a car with others Monday. Some farmers sold as low as \$110, their straw being some shorter, but they all believe it will beat cotton.

#### Witherspoon Will Make Test in Devine Territory.

Mr. Witherspoon, one of the biggest operators in the Somerset field, was in Devine Thursday and closed up a contract to drill on the 3,500 acres lease got up by O. M. Thompson and others, reaching from the Blatz farm four miles east of town to the Daugherty tract, over on the Atascosa county line. This section is penetrated with a clay road and Mr. Witherspoon has contracted to begin work in sixty days. A derrick is to be erected shortly, and he is to go 500 feet, as a guarantee of good faith, before the leases, which were placed in the bank, are turned over to him, and is to go 2,500 feet or bring in a well. The Kempf Schott 1,400 acres is the largest tract in the lease and the lease reaches near the proven field, where good wells are being brought in, and Mr. Witherspoon says "it is the best bet" he knows of outside the proven field. He is a big operator in the Mirando field also, near Laredo, and Devine people can rest assured that an honest, intelligent and bona fide test will soon be made in this territory east of town.

Mr. and Mrs. E. J. Balmos attended the big church celebration in D'Hanis Sunday and visited their daughter.

#### Rebuilding Shook School for Two Teachers.

Lumber is being placed on the ground this week for the rebuilding of the Shook School, to make two rooms and hallway. D. H. and Ezra Griffin and P. S. Keller are the trustees and they will have two teachers next term teaching up to and including the 8th grade.

#### Medina Will Have Run-Off August 25th.

News comes from the executive committee at Hondo that tickets will be printed and all candidates who did not get a clear majority in first primary will get another chance. Ferguson and Mayfield will be the issue in all up county precincts, while Bowman and Stroud will draw out the local voters at Devine, to some extent.

#### Car Broom Corn Shipped out Monday

Local farmers shipped out a car of broom corn Monday, the first full car ever shipped out of Devine, or we suppose, from Medina county. We hope it will stimulate growers so that hereafter we shall have many cars each year.

#### Young Man Hurt in Fall.

Joe Taylor, age 10 years, son of Mr. and Mrs. R. A. Taylor of Crystal City, visiting at the Gardner ranch, fell on a piece of glass Monday and was brought to town for surgical treatment, taking several stitches to close up the wound.

#### Sixteen Bales Ginned Here Saturday.

A total of sixteen bales of cotton were ginned in Devine Saturday and sold around 22 cents. A total of about forty bales have been ginned and it will soon be coming lively.

#### A. B. McDonald and several others

attended a barbecue and ball game at D'Hanis Sunday afternoon. Eagle Pass played D'Hanis a 5 to 3 game in favor of the visitors. Great crowds in cars from Sabinal and Hondo attended.

#### Jessie Duncan and family of Yancey

and Jeff Minica and family of Moore were in Devine one day en route home from a trip north.

#### ICE CREAM SOCIAL.

An ice cream social will be given by the Catholic ladies on the church grounds on Tuesday evening, August 15. There will also be some music and games for the children.

#### You are invited.

## WHEN IS A MAN A MASON?

To the question, "When is a man a Mason?" John Fort Newton replies: "When he can look out over the rivers, the hills and the far horizon with a profound sense of his own littleness in the vast scheme of things, and yet have faith, hope and courage, which is the root of every virtue. When he knows that, down in his heart, every man is as noble, as vile, as divine, as lonely as himself; and seeks to know, to forgive and love his fellow man. When he knows how to sympathize with men in their sorrows, yea, even in their sins; knowing that each man fights a hard fight against many odds. When he has learned how to make friends and keep them; and above all to keep friends with himself. When he loves flowers, can hunt the birds without a gun; and feels the thrill of an old forgotten joy when he hears the laughter of a little child. When he can be happy and high-minded amid the meaner drudgeries of life. When star-crowned trees and the glint of the sunshine on flowing waters subdue like the thought of one much loved and long dead. When no voice of distress reaches his ears in vain and no hand seeks his aid without response. When he finds good in every faith that helps any man lay hold on divine things, and sees majestic meanings in life, whatever the name of that faith may be. When he can look into a wayside puddle and see something beyond mud, and into the faces of the most forlorn fellow mortal and see something beyond sin. When he knows how to pray, how to love, how to hope. When he has kept faith with himself, with his fellow man, with his God; in his hand a sword for evil, in his heart a bit of a song; glad to live and not afraid to die. Such a man has found the only real secret of Masonry and the one it is trying to give to all the world.

## —[2 for \$2]— DRIFTING.

Drifting, dreaming, sailing,

Those are the things we do,

Just counting upon the morrow,

Somehow to see us through,

Looking for a rainbow

Just around the bend,

Wishing for the hours to pass,

And for the days to end.

Drifting through the morn of life,

With eyes and conscience blind,

Reaching for the moon-time,

To see what we can find.

Dreaming, drifting, sailing,

Into the hazy dusk,

Seeing only shadows of the things,

Only the empty husk.

Hearing only dim callings

Of the things far back in the past,

When we had scorn for better things

We might have grasped;

Drifting, dreaming, sailing,

Into the mighty sea

From which there's no returning,

Into Eternity.

MIND DOESN'T ALWAYS WIN.

Here is a picture of two young men sitting at the dinner table with a bright and beautiful girl between them, and she's giving all her attention to the one who has read Dr. Eliot's five-foot shelf of books because he can talk so well; but probably in real life the one that never read it and therefore doesn't know anything would be holding her hand under the table with occasional squeezings while the other ran on.—Ohio State Journal.
